

## NE LHIN Regional Quality Table

Through the establishment of a Regional Quality Table, HQO and the NE LHIN are collaborating to advance clinical quality in a coordinated way that supports improvement to patient care. Dr. Dhatt will chair the NE LHIN Regional Quality Table.

The Regional Quality Table will focus on quality challenges and initiatives. It will align regional and provincial strategic directions and will play an instrumental role in implementing quality plans that drive both system improvements and patient's health care experience.
